

BALAJI . S

PYTHON WEB DEVELOPER | FRESHER

Salem , Tamil Nadu • balajiak008@gmail.com • +91 7845252485 • github.com/Balaji-sys

SUMMARY

Aspiring Python Full Stack Developer skilled in React.js and Flask, with hands-on experience in building responsive web applications and backend APIs. Passionate about scalable systems and solving real-world problems.

TECHNICAL SKILLS

Programming Language: Python , Java .

Frontend : HTML , CSS , JavaScript ,Bootstrap ,React.

Framework : Flask, Node.js .

Database : MySQL.. **Tools:** GitHub, Git ,Figma.

PROJECT EXPERIENCE

Machine Learning – Disease Prediction

- Developed machine learning models for heart disease prediction and image-based disease classification, leveraging structured and image datasets.
- Applied comprehensive data preprocessing, model training, and evaluation techniques to improve prediction accuracy 86% and system reliability.

Responsive Chatbot Application

- Engineered a fully responsive application to enable automated user interaction improving overall user engagement.
- Integrated natural language processing capabilities to deliver context-aware and accurate conversational responses.

Inventory Management System

- Designed inventory system with efficient data handling
- Improved tracking and reporting usability.

EDUCATION

Bachelor of Computer Science Engineering

AVS Engineering, Salem.

2023 – 2027

Current CGPA: 8.27 / 10

Higher Secondary Second Year (12std)

Raajam Matric Hr. Sec. School, Karuppur.

2022 – 2023

Score: 63.4%

CERTIFICATIONS & ADDITIONAL INFORMATION

- **NPTEL** -- Python for Data Science (Elite).
- **ADVI Group** – Internship-cum-Training Certificate: Hands-on experience deploying CUDA-enabled Python applications on NVIDIA GPU boards.
- **Oracle Cloud Infrastructure (OCI)** – Validated proficiency in cloud concepts, OCI services, security architecture, and pricing models.

Languages: Tamil (Native), English (Professional Proficiency).
